

# Manheim BIC - What's Next Update

**April 5, 2018 update**

---

## Update

1. In March, the Facility Expansion Team met with key church staff and architectural drawings are being developed to 50% completion.
2. In March, a Financial Stewardship Team began meeting to outline plans to financially support this project.
3. In May, a soft estimate will be completed to help us all better understand the cost of this expansion. Actual cost analysis expected in July.
4. In May, Leadership Board will receive timeline recommendations from both the Facility Expansion Team and the Financial Stewardship Team.

## Ways we invite you to pray

1. Pray for MBIC Leadership Board in April and May as decisions are made to communicate further details while planning for a congregational vote and ownership in coming months.
2. Final approval from Penn Township to move forward without additional changes or delays.
3. Giving to our Capital Fund would increase as we all work together to pay down bank debt.
4. Wisdom and patience would be granted to our Facility Expansion Team and Financial Stewardship Team.
