"The Tech-Wise Family"

by Andy Crouch

Making conscientious choices about technology in our families is more than just using internet filters and determining screen time limits for our children. It's about developing wisdom, character, and courage in the way we use digital media rather than accepting technology's promises of ease, instant gratification, and the world's knowledge at our fingertips. And it's definitely not just about the kids.

W54YOUTH

Sunday Morning 9-10 AM

"The Thread"

We will be continuing our year long series, "The Thread."

Monday Night 7-9 PM

Hot Topics Series

During the months of February and March, we will be having series to discuss "hot topic" issues that our teens face on a regular basis. Each week we invite someone to come and share, who is passionate about the topic or has personal experience dealing with the issue. Our goal with they series is to provide a safe place where our teens can talk about these issues. As well as allow them to see how they can approach these topics form a Biblical worldview. Sr. High parents will receive a specific email with more details about each week's topic.

Winter Retreat- February 16-19

Sr. High retreat at Camp Hebron. The speaker, Ron Belsterling from LBC, will be leading our discussion on the theme "LIVE."

Please be in prayer for our group as we spend they weekend together.
